**Transportation and Logistics Organization Network (TALON)**, is a collaborative effort between eight (8) industry-related organizations who focus on information sharing, workforce development, business and economic opportunities for the Northeast Florida region. The group is led by Ike Sherlock, President & CEO, Air Van Inc., and is supported by the presidents of the following organizations who sign a Memorandum of Understanding (MOU) to encourage member and business collaboration:

Propeller Club  
of the United States  
Port of Jacksonville
